SurfZone Beachside Building

- 1. The apartments are a hop, skip, and jump away from the beach in the heart of Santa Maria and have Optic Fibre Wifi. Each apartment has a private bathroom/shower and a fully equipped kitchen, bath towels, and air conditioning. For Tv, we have the ocean next door and a village full of entertainment. All apartments have Juliette balconies.**
- 2. Our rooftop! One of the best views of Santa Maria! Here you can watch the sunrise and set over the ocean, meet new people, do yoga, relax, or just hang with our great friend the ocean. Located at the base of the village, you are walking distance to all the bars and restaurants. So no need for taxis or even bikes, just feet. There is even a beach gym across from the building if you feel the need to pump iron while on a beach beside an ocean.**
- 3. These new accommodations are owned and run by Surf Zone, the most established and longest running Kite/Wind School in Sal. Surf Zone also partners with Yoga Cabo Verde (island's only yoga studio, 5 min walk). Since covid, we only provide private kite & windsurf lessons.**

THE WHITE HOUSE Apartments

- 5. Located in a typical Cape Verdean area, near the courthouse and food market. 10min walk to the beach, 5-minute walk into the village centre. Clean and brand new. There is no wifi at this location, but a local chip is very easy to get. The apartments are furnished and have a basic kitchen, and private bathroom/shower.**
- 6. You will probably leave us with a totally relaxed mind and body, a glowing face, stronger abs from laughing, a persistently occurring smile, interesting conversations, and memorable experiences.**
